Leadership Message

Dear Jaksonites,

As we close another successful year and step into FY26, I am filled with immense pride and gratitude for each one of you who has contributed to Jakson Group's journey. The past year has been a defining chapter for us—marked by resilience, innovation, and significant milestones. Achieving a revenue growth of 32%+ stands as a powerful testament to the relentless dedication of our diverse teams and business verticals. These achievements underscore the strength and synergy across our businesses and among our people. As we look ahead, we renew our commitment to driving innovation and sustainability, laying the foundation for an even more ambitious and impactful future.

At Jakson Group, our commitment to the Triple Bottom Line—People, Planet, and Economic Growth, has been central to our journey. Driving sustainable innovation and steering towards a carbon-neutral future, we have achieved a 3x revenue growth in just three years, showcasing our purpose-driven strategy and collective ambition.

A key highlight was our strategic partnership of Jakson Green & Blueleaf Energy, for furthering our IPP portfolio. This significant project in the first phase is projected to have an environmental impact equivalent to saving over 22 million tons of CO₂ emissions or removing more than 5 million cars from the road. This collaboration underscores our position as a respected global player in the energy transition, and its scale demonstrates our commitment to delivering world-class projects as the most trusted energy transition partner.

In the past year, we have also inaugurated our new, state-of-the-art electrolyser manufacturing facility in Noida. This advanced facility, now larger and more equipped than ever, marks a significant step in our commitment to driving the green hydrogen revolution. These initiatives demonstrate our growing leadership in the green molecule space.

We are making bold, strategic investments to accelerate our clean energy vision. With our largest-ever capex, we are setting-up a greenfield 2.5GW Solar Cell plant in phase I along with expanding solar module capacity from 1.2 GW to 3 GW. In biofuels, we're investing in enhancing our ethanol production from 150 KLPD at the same site, along with plans for ENA and CBG projects. We are also strengthening our presence in power transmission, solar EPC, and water infrastructure — reinforcing Jakson's position at the forefront of sustainable infrastructure development.

At Jakson, our people are our greatest strength and we are proud to be certified as a Great Place to Work®, a recognition that reflects the culture of trust, collaboration, and innovation we've built over 77+ years. This achievement is a tribute to every Jaksonite whose passion and teamwork make our workplace inclusive, inspiring, and driven by excellence. It sets the tone for a year of meaningful partnerships and progressive growth.

Let us make 2025 a year of transformation, growth, and positive change!

GROUP

Feature Story

Partnership with rising motorsport star, Dion Gowda, marking the strategic entry of Jakson into the world of motorsports!

"I am absolutely thrilled to have Jakson Group on board as a powerhouse supporter in my journey! Their confidence in my potential is truly inspiring, and I can't wait to represent them with passion and energy, both on and off the track this season!"
-Dion Gowda

Achievement

Great workplaces are built by great teams!

Jakson is now Great Place to Work certified!

This **certification** is a testament to the culture of trust, collaboration, and innovation that we've built together over the course of 77+ years.

Unveiling of the new management wing

The design draws inspiration from the five cosmic elements air, water, fire, earth, and space capturing the essence of harmony and creation.

Mr. Sanjay Gupta, Chief Business Officer, Jakson Group shared insights at India-Netherlands Energy Session organised by Confederation of Indian Industry (CII) in Delhi. Chaired by the Ambassador of The Kingdom of the Netherlands to India, Nepal and Bhutan, **H.E. Ms. Marisa Gerards**.

Jakson recognized at the **Enterprise Growth Awards 2025**, a pioneering initiative by **Deloitte** that celebrates the incredible journey of Indian businesses. This is a testament to our purpose-driven approach, strong governance, and unwavering focus on innovation.

BUSINESS UPDATES

DISTRIBUTED ENERGY

Feature Story

Jakson Powers the Grand Mahakumbh 2025 in Prayagraj

Honored to play a crucial role in ensuring uninterrupted power supply for one of the largest spiritual gatherings in the world. Jakson was entrusted with managing the power supply for 48 substations during this sacred event.

Illuminating Wathar Nimbolkar with Solar Power

Installation of 40 solar street lights in Wathar Nimbolkar, Phaltan, Maharashtra, under the Sustainable Model Village Project in partnership with Gram Panchayat and NeedSync Foundation.

This was inaugurated by **Mr. Saurabh Garg**, COO, DEB and dignitaries.

Achievement

Jakson secures ₹66 Cr Defence Project with L&T

This project includes the supply of 72 gensets of different capacities.

Inauguration of the new War Room facility, Testing Cell and Occupational Health Center at Kalsar & Phaltan manufacturing plants

With the War Room, we aim to drive operational excellence and efficiency. The Health Center ensures a safer and healthier workplace for our people.

Projects

- 1500 kVA Jakson Gensets powered by Cummins engines, installed at Haldiram, Noida
- At Jericho Food & Beverages, Assam, reliability meets excellence with Jakson's 1010 kVA Diesel Gensets, powered by Cummins engines

- 1 MWp Solar Rooftop Plant at HBL Power Systems Ltd, Hyderabad - This project is a testament to our unwavering commitment to driving clean and sustainable energy solutions

Exhibitions

- ERECA Annual Meet – Kolkata
- FMCI General Body meeting – Muzaffarnagar
- Customer Meet - Warangal
- AP Construction & Build Tech Expo - Vijayawada, AP
- FMCI General Body meeting – Muzaffarnagar
- Cold Storage Associate Meet - Kolkata & Siliguri
- Customer Meet – Ananthapur

BUSINESS UPDATES

SOLAR

Feature Story

Smart Agrovoltatics: Harvesting Sun & Crops Together

This smart solar solution enables farmers to grow crops under solar panels while generating clean energy, ensuring higher yields and additional revenue.

Project Snapshot:

- Capacity: ~5 MWp - Location: Sagar, Madhya Pradesh
- Technology: Jakson Solar TOPCon glass-to-glass modules
- Impact: Optimized land use, increased farm income and sustainable energy

Projects

100 MWp Solar PV Modules supplied to Gujarat Industries Power Co. Ltd. (GIPCL)

- Location: Khavda, Gujarat
- Project Scale: 100 MWp
- Modules Supplied: 1.9 lakh+ Helia Plus PERC bifacial solar panels (550 Wp)
- Application: Part of GIPCL's 2,375 MW Renewable Energy Park

75 MWp Solar Modules supplied to Amplus Solar

- Location: Karnataka
- Project Scale: 75 MWp
- Modules Supplied: Helia NXT TOPCon modules (580 Wp)
- Application: Solar power plant installation

36.5 MWp Solar Modules supplied to NTPC

- Location: Jharkhand
- Project Scale: 36.5 MWp
- Modules Supplied: Helia monofacial modules (555 Wp)
- Application: NTPC's solar plant installation

231 kWp Solar Installation at Bhagwati Handloom

- Location: Barmer, Rajasthan
- Project Scale: 231 kWp
- Modules Supplied: Helia Plus 550 Wp, Bifacial
- Industry: Handloom
- Partner: VK Solar

250 kWp Solar Installation at Star India Granite

- Location: Kishangarh, Rajasthan
- Project Scale: 250 kWp
- Modules Supplied: Helia Plus 550 Wp, Bifacial
- Industry: Building Materials
- Partner: Sunwise Solar

135 kWp Solar Installation at Aravali Textiles

- Location: Kishangarh, Rajasthan
- Project Scale: 135 kWp
- Modules Supplied: Helia Plus 550 Wp, Bifacial
- Industry: Textiles
- Partner: Sunwise Solar

JAKSON GREEN

Feature Story

Strategic partnership with Blueleaf Energy

Marking a significant step in the development of a 1 GW solar portfolio in Rajasthan, representing a USD 400 million (INR 3400 Crore) investment in India's renewable energy landscape.

Jakson Green has been awarded a prestigious 362.5 MWp solar project by ENGIE India, in Barmer, Rajasthan.

Inauguration of Jakson Green INFINITY's state-of-the-art electrolyser manufacturing facility in Noida!

Achievement

- 54th National Safety Week Celebration
- Jakson Green making strides to the finals of JPL
- Bangalore – Office Opening
- Chennai – Office Opening
- CFO, Mr. Chandan Goswami, represented Jakson Green, in a recent edition of Outlook magazine's 'Visionaries of \$5 Trillion Economy'

Awards & Events

Great Indian Organization for Workplace Culture Excellence at the Great Indian CHRO Leaders Summit & Awards '25.

CFO, Mr. Chandan Goswami & Green Molecule Head, Mr. Sanjeev Kaul at Flanders Investment & Trade Event.

HR Head, Mr. Milmil Das, honored with the prestigious 'Best HR Strategy' at the 18th edition of the Stars of the Industry Awards.

Manufacturing Head, Mr. Bhaskar Bose at Global Hydrogen & Renewable Energy Summit 2025.

India Energy Week 2025 at Yashobhoomi, Dwarka.

Manufacturing Head, Mr. Bhaskar Bose at GH₂ India summit.

Head Of HSE & ESG, Mr. M. Najibur Rahman, speaker on "India's Renewable Energy & Sustainable Logistics Supply Chains" at CNSC Conclave In New Delhi.

Project Excellence Award for the Solar PV project in Saudi Arabia at the SQ Customer's Choice Awards 2025 Middle East, in the World Future Energy Summit 2025.

BUSINESS UPDATES

BIOFUELS

Feature Story

Strengthening Partnerships for a Transformed Future

Mr. Siddhant Gupta, Managing Director, Jakson Biofuels, met with the Hon'ble Chief Minister of Madhya Pradesh, **Shri Dr. Mohan Yadav** for a one-on-one discussion on Jakson's investment plans in the state over the next three years.

Jakson Biofuels current 150 KLPD plant in Balaghat produces ethanol from agricultural produce and is poised to more than double its capacity in the coming years.

- The 150 KLPD ethanol plant is operational and running at 100% capacity, entire output already contracted with large OMC's
- Expansion plans for additional 250 KLPD ethanol capacity at the same location
- Multiple CBG projects to be started in North India

GENERATOR SETS

Kalsar Plant

- Established in 2009
- Spans across 17 acres
- Annual capacity of 12,500 units
- Specialises in acoustic enclosures and silent DG sets
- Equipped with state-of-the-art machines

"Since its inception in 2009, the Kalsar Plant has stood as a hallmark of precision, innovation, and sustainability in genset manufacturing. Spread across 17 acres, our state-of-the-art facility leverages advanced technologies like Amada CNC Machines and PLC-based 7-tank processes to deliver world-class Acoustic Enclosures and Silent DG Sets. With a robust annual capacity of 12,500 units and a strong focus on quality through dedicated QC labs and automated leak testing, we ensure every product meets the highest standards. At Jakson, we don't just build gensets we engineer solutions that power progress while caring for the planet."

Mr. Binoy K Balan, Plant Head – Kalsar, Gujarat

- Annual capacity of 2,500 gensets and 4,400 enclosures
- Specialises in acoustic enclosures & silent DG sets
- Equipped with state-of-the-art machines

"At our Phaltan manufacturing facility, we take immense pride in powering India's critical sectors with high-performance diesel gensets. Since our inception in 2023, we've built a legacy of excellence through advanced technology, precision engineering, and a relentless focus on quality. Our dedicated team is the backbone of this success - ensuring every unit we produce, meets the highest standards of reliability, durability, and efficiency to support the nation's growing energy needs."

Mr. Vinayak Laxman Lakare, Plant Head – Phaltan, Maharashtra

UPDATES

HUMAN RESOURCE

Feature Story

Jakson's NexGen batch of 2025 interacted in a one-on-one session with **Ms. Anita Malik**, CHRO, Jakson Group. The batch got guidance on growth, learning, and making the most of their internship experience.

As part of our **DIVA initiative**, we've sparked real change with two powerful sessions: **Rise and Shine** at the Kalsar Plant and **Dare to Care** both designed to ignite leadership, inclusivity, and growth.

Talent Management

As the **Leadership Excellence** journey nears its close, **Mr. Anant Talaulicar** joined us for a powerful **Coaching in Action** session bridging experience with meaningful dialogue.

R&R Ceremony for Support Staff - Celebrating Republic Day with gratitude honouring our support staff through a heartfelt R&R ceremony at Noida HO.

Hi-Flyer batch attended an exclusive leadership - Masterclass with **Mr. Anant Talaulicar** from strategic thinking to impactful leadership, it was an inspiring session filled with valuable insights and thought-provoking discussions.

Team Building Session - Graduate Trainees came together for a fun and engaging team building session, strengthening bonds and boosting collaboration.

Cancer Awareness Session promoting health and awareness, a hybrid cancer awareness session was conducted across Jakson with 110+ participants on World Cancer Day.

Tricolour Sand Candle Making Activity
A creative spark of patriotism participants celebrated Republic Day with a vibrant tricolour sand candle making activity.

Creativity and Innovation - participants tapped into their creative side through a hands on session focused on idea generation, problem-solving, and innovation thinking.
